### Questions:

Approximately how many individuals (customers, employees, & others) does your location see daily?	
Would you like your location to be used as a public drop-off location or for private use only?  ** If Private Use Only, What recyclables does your location produce? Approximately how much will you produce weekly?	
Does your location provide adequate space to facilitate functional use of an 8 cubic yard bin (needed space for bin is equivalent to the size of a single parking space)?
